

- ✓ **Environmentally friendly spray-on windshield protection** with reimbursement for repair or replacement
- ✓ **Code-based theft deterrence and recovery** with reimbursement for unrecovered catalytic converters

COVERAGE

ResistAll Windshield's environmentally friendly spray-on solution seals microscopic imperfections to increase impact resistance by up to 80%, decreasing the likelihood of chips, cracks and breakage, with reimbursement for the cost to repair or replace a treated and damaged windshield.

ResistAll ShadowMark CCP is an advanced, code-based theft deterrence and recovery system with a cash benefit for customers whose catalytic converters are stolen and not recovered.
